SKILLS

Programming: Python, Java, TypeScript, R,
Kotlin, HTML, CSS, JavaScript, SQL, PHP, C,
C++, C#

AI/ML & Data Science: Machine Learning, Deep Learning
Basics, Computer Vision, Image Processing, Data Preprocessing,
Feature Engineering

Frameworks/Libraries: React.js, Next.js, Node.js,
Express.js, Spring Boot, Bootstrap, Tailwind CSS, Pandas, NumPy,
Scikit-learn, Matplotlib

Tools & Platforms: VS Code, IntelliJ IDEA, Postman, Git,
GitHub, Jupyter Notebook,
Google Colab, MySQL, PostgreSQL, MongoDB, Figma

Development Practices: Object-Oriented Programming,
MVC Architecture, REST API Integration, API Testing, Database
Design,
Responsive Web Design, Version Control

EXPERIENCE

Academic, Personal, and Client-Based Software Development Projects
AI, Machine Learning, Web Application, and Full-Stack Development

CERTIFICATIONS

Python for Data Science and Machine Learning
Bootcamp ([View](#))

PROJECTS

MedInsight AI – Smart Medical Report Assistant ([View](#))

MedInsight AI is an AI-powered medical report assistant that helps users upload medical reports and understand them in a simpler way. The system provides medical report summaries, key findings, detected lab values, suggested doctor questions, doctor notes, and recommended actions. It also includes role-based dashboards for patients, doctors, and admins.

Smart Bazaar – MERN E-Commerce Platform ([View](#))

Smart Bazaar is a client-based full-stack e-commerce web application designed for online product browsing, customer accounts, shopping cart functionality, checkout, order management, and admin-side product control. The system includes user authentication, OTP verification, product management, brand and category management, wishlist, cart, and admin dashboard features.

BizFlow CRM – Business Management System – ([View](#))

BizFlow CRM is a full-stack MERN business management system developed for small businesses to manage customers, items and services, quotations, invoices, payments, and company settings from one dashboard. It includes secure authentication, email verification, password reset, admin and user roles, company branding, profile management, and downloadable branded invoice and quotation PDFs.
